

October 20, 2016

Parents,

As we prepare for the start of a new school year, we wanted to update you regarding the availability and process for students to take virtual courses at Duval Charter School at Flagler Center during the 2016-2017 school year. As a school of choice, we understand how important it is for us to provide a variety of curriculum and instructional options for our students. As such, we have integrated our own virtual courses into our curriculum that will be monitored and supported at our school center, by our own teachers. These “on-site” virtual courses are all state approved and will provide our students with multiple course options and direct support and monitoring by Flagler Center teachers. All virtual courses are fully and completely part of the Duval Charter School at Flagler Center educational program.

A complete list of virtual courses that Flagler Center offers is available in the front office. These virtual courses will become part of our curriculum and instructional offerings for our students and families who have selected Flagler Center as a school of choice. Since each course, traditional and virtual alike, are uniquely incorporated into our proven curriculum, virtual options are limited to our extensive list of courses. If you have any questions regarding virtual course offerings, you may contact our school at 904-899-1010.

We thank you for choosing Duval Charter School at Flagler Center as your school of choice, and look forward to an incredible school year!

Sincerely,

School Principal
